Meeting Minutes

The meeting was called to order at 7:00 pm at Hank Cahill's Dust Bowl

President's Report and General Business

Guests at the meeting were our speaker, Philip Lowe, Nick Getchell, Hank's grandson, Cathy Todd, Dorothy Egan, and Al Bryda, who has become a member.

Hank presented a \$500 check we received from AAW for Chapter support at the Rhode Island Symposium, to treasurer **Wally Kemp**. An immediate discussion took place as to how best it could be utilized for speakers and demonstrations. Our librarian was willing to accept the check for library use.

Correspondence was received from E-Z tool rest, South Shore Art Center Juried Shows and AAW - Chapter Collaborative Challenge rules for 2003. The CNEW and Surrey newsletters were made available for review.

The CNEW meetings for March 6th will be held at six members shops, including Hank's at 7PM.

Mal mentioned that the New England Woodturning Symposium will be held May 9-10, 2003 at Pinkerton Academy, Derry, NH. Registration fee \$40.

A new web site created with an AAW grant is at:
<http://www.woodturnersresource.com>

Our web site is now at: <http://www.mssw.sitelinker.org>
Newsletters are available at the site in color.

Newsletter expenses of \$142.85 for Dec 02, Jan & Feb 03, were submitted.

Membership cards will be sent to all paid up members. **Dues are now due** and the March newsletter will be the last sent to unpaid members.

Wally reported \$1350 in treasury.

Lenny the Librarian reported that 12 new videos and one book have been added. We now have 36 videos available in our library.

A future Saturday one day hands on session to teach each other woodturning techniques was agreed upon.

Philip Lowe demonstrated duplicate spindle turning

Philip showed us slides of the furniture and reproductions he has done over the years and then proceeded to draw the details of the four spindles he would reproduce using a story board to transfer lines using a skew or pencil

The first spindle takes shape using a shallow gouge. The beads and coves are cut quickly as the members begin to move up to observe Philip in action turning the cherry spindles he designed at the meeting.

Four exact duplicates by the master!
