
AS THE WOOD TURNS

March 2004

Coring System Demo

Jean LeGwin wields a weapon (Don't fool with me!) for coring bowl blanks from a single blank

The McNaughton Systems tool is aligned dead center and cuts are made clearing chips often. Wally worries.

When 1" to 2" diameter is left to cut tap the edge of the core to break it loose. Prepare base for next coring.

2004 MSSW Officers

President - Hank Cahill (781) 878-0234

Vice President - Felix Troiano (781) 749-1713

Treasurer - Wally Kemp (781) 871-1390

Secretary - Mal Partridge (781) 843-3883

Librarian - Leonard Mandeville (508-586-7679)

Newsletter - Mal Partridge (781) 843-3883

Web site: <http://www.mssw.sitelinker.org/>

Next Meeting

Tuesday, March 23rd, 2004, 7:00 P.M.

At Hank Cahill's *Dust Bowl*

Refreshments by: Jeff Keller

Member Challenge: Turned nested boxes

Demo: Chain Saw Expertise by Jay Doherty

Meeting Minutes

The meeting was called to order at 7:00 pm at Hank Cahill's Dust Bowl

President's Report and General Business

Knute Anderson from Oregon and David Barros from Brockton were guests. David has joined our group.

Correspondence: Two CNEW newsletters & Surrey England newsletter. Signature Gallery, Mashpee, looking for pieces. North River Arts Society Annual Festival of the Arts, and juried exhibit is May 29 & 30. Application and check deadline is March 15.

Hank is now on a first name basis with the AAW President since his correspondence concerning the board election. The collaborative challenges for 2004 have to fit in a 12" cube. Editors note: The AAW web site has an update: The old rules set by UPS will also be allowed. Check the site for more information. Mary Lacer is updating the demonstrator list. Contact her if interested in being listed.

Wally reported \$2026 in treasury and said that Audubon Farm Day will be October 2nd. AAW insurance was paid for and received. He also has 3 gallons of Anchor Seal available at \$10/gal in your container.

Lenny the librarian reported that Daniel Galli has not returned a video. He asked members what additional library items should be obtained. At the moment our cabinet is full - no requests were forthcoming.

Mal showed a full size propeller drawing he made for the Canadian Aircraft Heritage Centers Gnome Engine.

Bring Habitat for Humanity birdhouses to Hank for drop off in April. See last newsletter for dates.

Hank had 4 diamond stones for those who ordered them.

Fuller Museum is contemplating a name change.

Hank is checking on having Wendy Wilson give a demonstration. It was suggested for a Saturday event.

Jeff and Ken will be demonstrating for a retired men's club at Pier 44, Scituate on March 1st, 9 am.

February MSSW Exhibit at Norwell Library Organized by Jeff Keller

Bob shows us the Inside & Outside of turning And the humorous side!

Glued up blank with paper joints is mounted on lathe and calipers set to turn inside details. Bob now uses a One Way cup live center and four jaw chuck to eliminate initial gluing.

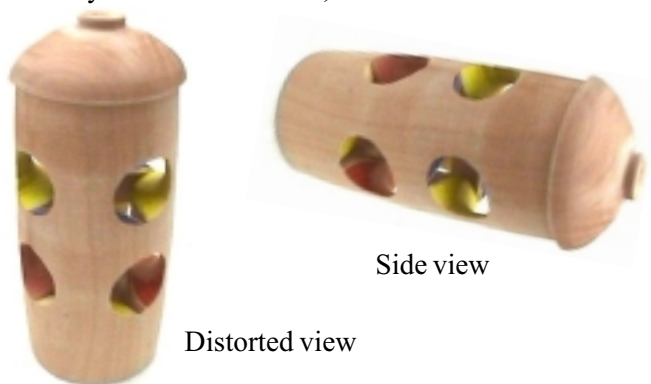

The grooves which will become round holes are turned and measured with calipers and Bob's finger, an available radius instrument. I wouldn't say he's cheap, just frugal, and he does have eight of them, Now!

Just kidding, he is actually using nickles and dimes which he finds in parking lots. A glued up piece is mounted for final finishing. Bob uses Glaser Hitec tools, and not only recommends them, but sells them.

Bob Juliano, Mr. Inside/Outside, shows his work as Wally prepares himself for another of Bob's jokes!

Side view

Distorted view

A finished inside/outside turning with painted insides.

Show & Tell February 2004

Andy Osborne's tiny pendants turned on mini-lathe

Hank's three Cedar bowls

John Murpy's Maple Candlesticks with Walnut stain

Mike Veno's top with dental floss "string"
