Signing your work-member participation

## Meeting Minutes

The meeting was called to order at 7:00 pm at Hank Cahill's Dust Bowl

### President's Report and General Business

Hank received another \$15 coupon from Craft Supplies.

Wally reported \$ 1575 in treasury.

Mal submitted Newsletter expenses to Wally for May, June, July and August issues in the amount of \$189.17.

Bids for the donated Fountain Pen Set were closed out at the meeting and the winning bid was over \$65.

Another Hands On meeting was scheduled for Saturday September 18th.

The Farm City Festival at Prowse Farm in Canton is scheduled for September 18th and 19th.

Audubon Farm Day is October 2nd.

The Wendy Wilson Demo has been cancelled.

Pictures of the Instant Gallery at the AAW Florida Symposium were available for review thanks to Emilio.

Ken Lindgren reported some success, over \$200 in sales, at recent show demos and displays at North River and Marshfield Fair.

Wally suggested we have a round table discussion of "How do you sign your work" at our next meeting.

Mal mentioned a number of articles of interest in current publications:

*Woodturning Design*, Fall Issue, Butterfly patches, Darlow on Design - Chessmen, Turning tool handles, and hand chasing threads. Plus much more.

*American Woodturner*, Summer 2004, Old Schwamb Mill Article by Alan Lacer, page 24. Detailed drawings of their how lathe works.

*American Woodturner*, Fall 2004, page 50, An article on baby rattles which includes a choke tester

*Fine Woodworking*, Oct 2004, Turning drawer pulls by Phil Lowe.

Note: Join the AAW and receive the great publication *American Woodturner* - Get an application from Hank

Equipment Manager Dave Hutchins has labeled and color coded our lathes and tools. Lathe accessories are in coded containers for each lathe. If you wish to borrow equipment, check with Dave.

### October Member Challenge - Napkin Rings

See Article in AAW *American Woodturner*, Summer 2004, page 46 which includes an expansion chuck you can make to simplify turning them.

### November Challenge - Christmas Bulbs

See Article in AAW *American Woodturner*, Fall 2004, page 39. Colorful bulbs that don't burn out or break when dropped.

# Tippe Top Inversion as a Dissipation-Induced Instability\*

Mal brought in some Tippe Tops which lead to some fun during the refreshment break

No, it's not a craps game, but members trying to understand the why and how of the Tippe Top's behavior.
